3 Main Components

The Learning Assistant Model consists of three main components that each provide support to the Learning Assistants and, in turn, optimize the learning experience for students in the courses. The three components include the class sessions, weekly preparation meetings with faculty, and the pedagogy course.

Weekly Prep Meeting with Faculty
- Reflect on past week
- Prepare for next week
- Discuss concepts that are challenging students

Class
- Facilitate activities in collaboration with faculty and peer LAs

Pedagogy Course with Academic Support & Retention
- Facilitation Skills
- Metacognition
- Connect theory to practice
- Diversity, equity, and inclusion in classroom environments
